BEATERD,

HAVE YOU A DISEASED LIVER? The question, though startling, is sufficient-suggestive when the fact is taken into conside-on that diseases of the Liver have become most ingly frequent in the United States. Indeed, here are few formidable diseases that are not in ne way traceable to a deranged state of that imrtant organ. Many of the complaints usually igin in the Liver. "Any remedy that would are regularity and healthful action in the Liver ld be a blessing to mankind!" has been the exation of thousands. That remedy has been und; it is safe and sure. When a fair trial has afforded it, it has never been known to fail.

Reader, have you any disease of the Liver, or which you believe proceeds from hepatic ement? PROSPECTUS.

THE EXAMINER

THE publication of this journal, from circumstances beyond the control of the proprietor, has been attspended for some months. Laving recently received much encouragement from good and true men, it is proposed to resume its publication without delay — A LITERARY AND POLITICAL JOURNAL, and, we are encouraged to believe, on such basis as will preclude the probability of a failure.

As Literary January is will be described to be

of one of the ablest and most experienced editors in the State, JOHN G. BOWMAN, Esq., a writer well and favorably known throughout the South. As a Politica Journal it will at once take ground and abide by the old landmarks of THE CAL-

HOUN STATE RIGHTS PARTY, owing no allegiance to any national party, nor seeking to advance its interests by subserviency to any local clique whatever. It will be entirely independent in its expression of opinion on public men and measures—in short, it is our desire to make it a faithful representative of the people and a fearless advocate of the interests of the State. The position of the South at this juncture, the apparent truckling of the appointers and organs of the present Administration to the Freesoil or Black Republican party, as exhibited in the course of the Governor of Kansas, demand that the press of the South should shake off the shackles of party, and unhesitatingly define its position and arow its determination to maintain and defend the rights of the Southern States. It is now too late to deplore the formation of sectional parties—the South, as a section, must light her own battles, or be overwhelmed.

This department of THE EXAMINER will be HOUN STATE RIGHTS PARTY, owing no

This department of THE EXAMINER will be under the direction and management of W. B. JOHNSTON, Esq., who has long been connected with the journalism of South Cerolina, and who is well known as an experienced editor.

We deem it due, to all who may be disposed to sustain it, to state in advance, that in politics THE EXAMINER will essentially be A STATE RIGHTS JOURNAL.

The paper will be conducted in the same hand-some tyle and form as before—a large quarto, containing eight pages and forty columns of matter—Weekly, at the reduced price of Two Dollars per annum.

It is also in contemplation to issue from the same

office, and on the same political principles, THE DAILY AND TRI-WEEKLY EXAMINER. The Daily at Six and the Tri-Weekly at three Doilars per annum. We have confidence that the old State Rights men

of South Carolina will liberally support, at the Capital of the State, such an exponent and advocate of her ancient and well defined principles.
Every consideration of patriotism, interest and safety make it a selema duty on the part of the Southern people to vigorously sustain their own

true press.
Those of the subscribers of THE EXAMINER who are in advance or their subscription will of course receive the paper for the time they have

Those desirous of subscribing, or contributing in any way to the support of the paper, will please address "The Editors of the Examiner," at this place.
